

# eNhance™ your Bermuda Grass Production

**eNhance™** is a nutritional supplement for UAN solutions that combines proprietary chemistry with a proper balance of micronutrients and stabilizers to produce a better nitrogen response. It reduces nitrogen loss by reducing volatility and denitrification. Additionally, it works within the plant to aid in nutrient transport.

## 2008 Bermuda Grass Replicated Plot Research, Shawnee, OK

lb N/Acre	Fertilizer	June 11	July 21	Total	avg protein
