Inhalation:	Generally not considered an inhalation hazard.
Ingestion:	If conscious, immediately give large quantities of water. Consult a physician.

5. FIRE-FIGHTING MEASURES

Unusual fire and explosion hazards:	When heated, it may give off ammonia fumes (this material is a fire retardant).
Fire extinguishing agents recommended:	All standard agents are acceptable.
Special fire-fighting precautions:	Due to possible evolution of ammonia, wear self-contained breathing apparatus approved by NIOSH. Use water spray to keep containers cool.
